Subject: RE: Review dates for Cluster 2 Verizon application
Date: Friday, March 30, 2018 3:18:00 PM

Hello Art Liberman,
A date hasn't been scheduled yet, as I am awaiting word from the applicant regarding if the review would be for the Oct 2017 plans and materials or a resubmittal. I anticipate a resubmittal, given the ARB feedback the applicant heard during review of Cluster 1. Please inquire again.
Regards,
Rebecca

Subject: Review dates for Cluster 2 Verizon application

Hello Rebecca -

Good afternoon to you. In the latest update to the Wireless Information page, the shot clock for the Cluster 2 antenna proposal from Verizon was listed as April 30, 2018. Has there been a date scheduled for the ARB review? If not, do you have an idea when that might happen?

Thank you,
Art Liberman
.....

Cluster 2: The current tolling agreement for Vinculums/Verizon Cluster 2 Tier 3 Wireless Communication Facility Permit application (**17PLN-00170**) extends until April 30, 2018.
