Dear Celia Chow,

You have inquired about the shot clock/tolling agreement(s) for 17PLN-00169 in the past per our correspondence below.

We received appeals of the nodes in 17PLN-00169 this past week.

The appeals for 17PLN-00169 Vinculums/Verizon Cluster 1 are scheduled for a public hearing before the City Council on Monday, May 21, 2018. The City normally employs a two-step appeal process, in which the City Council is first asked to uphold the Planning Director's decision on its consent calendar, and a public hearing is only scheduled upon request of the City Council. Given the significant public interest in these applications, staff has elected to forgo the consent calendar process and schedule the appeals for a hearing in which the Council may take public testimony and uphold, overturn, or modify the Director's decisions on the nodes.

The Planning Department remains in the process of accepting and compiling written public comments on an ongoing basis on 17PLN-00169 and associated appeals.

Please refer to the City Council website for more information. City Council Agendas, City Manager Reports, and other materials are available here - https://www.cityofpaloalto.org/gov/depts/cou/council_agendas.asp.

Periodically, the City Manager's Office also posts updates regarding wireless projects proposed for the public right of way - https://www.cityofpaloalto.org/gov/topics/wireless_communication_facilities/default.asp.

Please let me know if you have any questions.

Regards,

Rebecca

Dear Celia Chow,
Our City Attorney and the Planning Department monitor the shot clock and tolling agreements. We have a tolling agreement in place for Cluster 1 that indicates if there is an appeal, then the City receives an automatic extension of 45 days from the date of that appeal.
Regards,
Rebecca

Subject: Shot clock for Cluster 1

Hi Rebecca,

The updated tolling agreement extends 11 of the 15 small cell nodes until April 4, 2018. is it correct that since the decision has been made for Cluster 1, the shot clock is no longer relevant even though there will be possible appeals?

Thanks!
Celia
