Subject: Review dates for Cluster 2 Verizon application
Date: Thursday, March 29, 2018 3:12:07 PM

Hello Rebecca -

Good afternoon to you. In the latest update to the Wireless Information page, the shot clock for the Cluster 2 antenna proposal from Verizon was listed as April 30, 2018. Has there been a date scheduled for the ARB review? If not, do you have an idea when that might happen?

Thank you,
Art Liberman
