Date:	Saturday, July 07, 2018 12:41:26 PM

Hello John Kenney and Janice Berman.

Thank you for your email.

I had a 10 day legal deadline for reviewing the resubmittal for both 17PLN-00433 and 17PLN-450.

I am the Project Planner, but not the applicant. So, to clarify, I'm not requesting permission and it is the applicant filing and requesting. The applicant for both is Crown Castle/Verizon and I can send you their contact information on Monday so you can reach out to them directly if you choose.

I just finished the 10 day legal deadline today and determined that 17PLN-00433 remains incomplete due to information like what you are inquiring about. I don't have the precise information that you are requesting yet, but that will be forthcoming from the applicant team. When I get back to the office on Monday, I will now have time to upload the plans to the project website that I deemed incomplete, if that helps. I did already upload the resubmittal to the permit tracking system, so it is possible to go there to see how the plans changed over time.

Regards,

Rebecca
