2. Update on Legislative Activities with Legislative Advocate

Ravi Mehta said there is not a lot going on in terms of legislative changes over the past month. A lot of bills are moving through the houses. All of Gianni's bills made it past the house of origination.

Mr. Mehta said AB 289 had many changes to it. He also stated that the Authority changed their position on AB 289, and because of its extensive changes, they can no longer support it only – they can only monitor the bill.

Mr. Mehta also stated that we cannot support this bill either because of how the Peer Review Committee is written up – they are not given the status of independence) – and this action is not covered by the Brown Act.

3. Future Meetings and Agendas

In compliance with the Americans with Disabilities Act of 1990, listening assistive devices are available in the Council Chambers and Council Conference Room. Sign language interpreters will be provided upon request with 72 hours advance notice.
