Signage: Approved As Noted

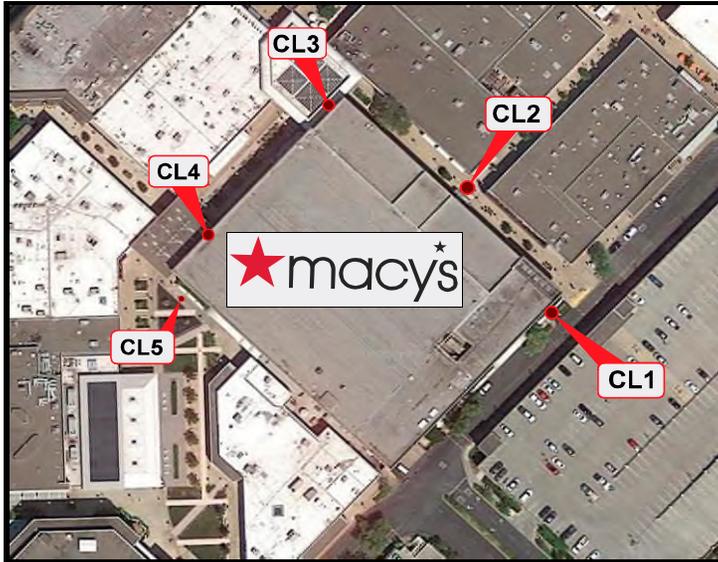

Reviewer: Richard Wessells Date: 10/19/2020

Landlord's review is for design intent and compliance with mall criteria ONLY. The Tenant, Tenant's Architect, and the Tenant's General Contractor are responsible for project compliance with all authorities having jurisdiction.

Return Drawings To:
Bill Comer <bcomer@acsign.com>

Additional Comments:
All penetrations with the building facades from the previous signs which are being removed must be professionally sealed and refinished to match the surrounding finishes. Typical on all 4 sides of Bldg.

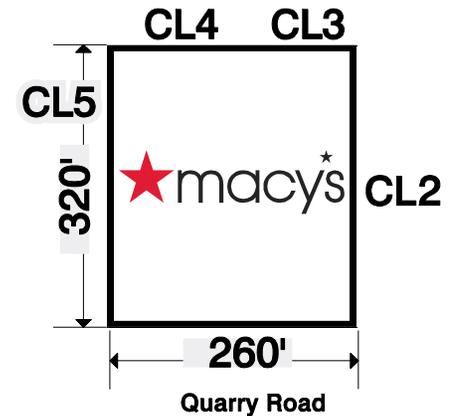

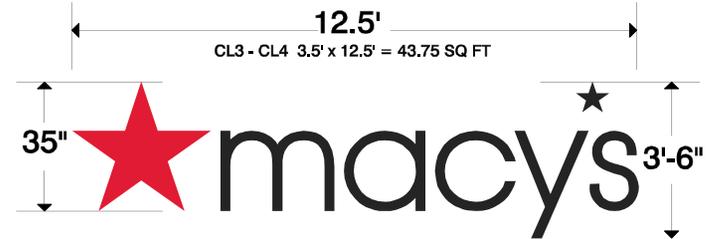

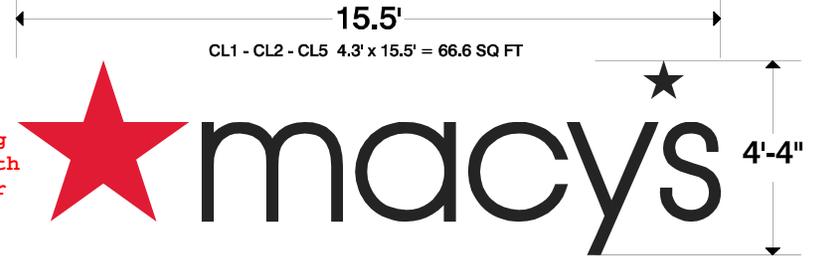

Final approval of these proposed signs are subject to the review of the City of Palo Alto Planning Dept. Tenant shall provide LL with a copy of said final approval for record/file purposes

Landlord's Signage Comments:

- Landlord and Tenant responsibilities are as defined in the Lease.
- All modifications to the Landlord approved drawings shall be resubmitted to the Landlord for re-approval. All construction completed without Landlord approval shall be corrected as approved by Landlord at Tenant sole expense.
- Tenant shall be responsible for all permits.
- Plans reviewed and approved by Landlord shall be present on the job site and be accompanied by plans approved for permit. All proposed deviation from the Landlord approved plans shall be numbered and clouded on the plans, and then resubmitted by the Tenant to the Landlord for re-approval prior to any fabrication and / or construction changes taking place in the field.
- Approval of Tenant's signage documents by the Landlord does not release the Tenant and or Tenant's contractors from complying with the lease agreement and all authorities having jurisdiction (AHJ) including but not limited to local, state, national, and mall criteria, acts, codes, and other requirements.
- All Landlord comments on this set of drawings shall apply to the entire document set, even if not repeated on every sheet.
- Tenant's signage contractor is responsible to comply with all Mall Rules and Regulations and as instructed on site by Mall Operations Team.
- Tenant's signage contractor is required to check in with Landlord's Mall Operations Team prior to the start of Tenant construction.
- All damage and / or downtime to Landlord's property or other Tenant's property during construction (i.e. mall flooring, bulkhead, neutral piers, etc.) shall be repaired to "like-new" condition and reimbursed at Tenant's sole expense.
- All Landlord equipment, component, and / or services feeding other tenant(s) that are existing in the space shall remain visible and accessible to the Landlord. Tenant shall install access panels as required to maintain access and shall be labeled to properly identify systems. Tenant shall coordinate location with Mall Operations Team.
- The sign and its system of components and devices shall be UL approved and labeled, separately grounded, and in compliance with NEC, UL, and authorities having jurisdiction (AHJ) including but not limited to local, state, national, and mall criteria, acts, codes, and other requirements.

- All signage transformers shall be exterior grade and concealed within the signage or located remotely concealed from view. Transformer noise shall NOT be audible from within the center.
- LED lighting is preferred for all signage illumination and may be required by Landlord's Design Criteria and / or authorities having jurisdiction (AHJ); neon tubing is strictly prohibited. Auxiliary signage, posters, and / or advertising banners are prohibited in "Design Control Zone", including but not limited to hours of operation, open signs, advertising, and DBA signs.
- All illuminated storefront entry lights, show window lights, and show window receptacles shall be separately circuited and controlled by a time switch allowing 7-day / 24-hour programming. System shall be programmed for illumination during mall business hours and shall be coordinated with the Mall Operations Team.
- The sign and its system of components shall be securely fastened and concealed behind tenant's storefront or building façade.
- Interior Signage Applications:
- Box or Cabinet signs will only be approved for interior application if they are recessed and flush with the storefront.
- Interior storefront signage shall be separately circuited and controlled by a time switch allowing 7-day / 24-hour programming.
- Exterior Signage Applications:
- Prior to installation of exterior signage, the sign installer shall be required to place a template on the storefront indicating the sign placement & light location(s), where applicable, and approved by Mall Operations Team prior to installation.
- Exterior signage shall be manufactured from exterior grade materials, having semi-glass or matte finish, and be waterproof. All attachment systems shall be concealed stainless steel and all building penetrations shall be sealed with exterior grade systems.
- The sign and its system of components shall be securely fastened and concealed behind tenant's storefront or building façade.
- All exterior illuminated storefront signage shall be separately circuited and controlled by a photocell.
- All related roof work, including parapet walls, shall be done by Landlord's required roofing contractor, at Tenant's sole expense. Coordinate all work with Mall Operations Team.
