

Share the road safely with all other users, no matter how you choose to get to and from school. Use extra caution near younger students walking or biking to school.

Obey adult crossing guards. They are there to help everyone cross congested intersections safely.

Bike Safely

Be predictable. Obey ALL stop signs and traffic signals. Never ride wrong way. The best way to avoid crashes as well as traffic tickets is to follow the same rules of the road as apply to car drivers.

Be alert. Watch out for drivers turning left or right, or coming out of driveways. Avoid car doors opening in front of you by riding out of the door zone. Yield to pedestrians.

Wear your helmet and buckle it every time. It's the law. To best protect your brain, your helmet must fit properly: snug and level on your head, just above your eyebrows.

Be visible. Use a bright headlight and taillight at night.

Avoid texting, phone calls, or music while biking.

Walk or Skate Safely

Be alert. Look for cars coming from all directions before entering the street - including from behind you.

Cross at corners and crosswalks. This is where drivers expect pedestrians.

Don't assume drivers see you. Make eye contact before crossing intersections.

Drive Safely

- Slow down and use extra caution in school zones and along commute routes! Signal your turns and yield to pedestrians.
- Help reduce traffic congestion near JLS and neighboring schools by carpooling with a neighbor and avoiding the last minute rush whenever possible.
- Obey adult crossing guards and "No Right Turn on Red" signs posted at designated school intersections. This allows students to cross safely without cars turning through crosswalks.
- Don't make U-turns and other unsafe maneuvers that put other road users at risk.
- When dropping off or picking up your student, follow school guidelines and always ensure that he/she exits or enters the car from the curb side.
- Never double park, block access ramps or stop where prohibited.
- **Avoid texting, phone calls and other distractions when driving.**

New Street Marking!

Cyclists should ride down the center of this "sharrow" symbol to stay outside the "door zone" on streets without bike lanes. Sharrows also remind drivers to watch for cyclists.

We welcome volunteers to help with Safe Routes to School events and programs at this school!
