

950 Page Mill Rd – Master Sign Program

We are proposing a Master Sign Program for the building at 950 Page Mill Rd. which is named Page Mill Labs.

The proposed signage will consist of one multi-tenant freestanding sign with the following design parameters:

- The sign will be one non-illuminated sign cabinet mounted to an existing brick wall along Page Mill Road.
- The sign cabinet will measure 54"H x 68"W x 18-3/8"D with an overall height from grade of 60".
- The sign will be constructed of aluminum framing and aluminum faces painted MP18074 Sparkle Silver Metallic Satin.
- There will be one panel at the top measuring 19"H x 68"W with the name of the building (Page Mill Labs). The letters will be constructed of aluminum and painted MP00341 Im So Blue Satin with the logo painted MP28239 Orange Flair Satin.
- There will be four tenant panels with each measuring 10"H x 33"W, the tenant letters and logos will be aluminum painted MP07102 Deep River Satin. Each tenant name/logo will be centered horizontally and vertically within the panel area.
- The bottom panel will measure 15"H x 68"W and list the building address (950) in aluminum letters painted MP07102 Deep River Satin.

No other signage will be included in the MSP or approved for the building, the freestanding multi-tenant cabinet will be the only sign.
