# Park to Park Ride

As you ride down Charleston Road and Arastradero Road, you'll experience the enhanced bike lanes, curb extensions, landscaping in the median, and upgraded traffic signal equipment – all with the focus on improving safety and beautify the corridor.

The Park to Park Ride is a celebration of the Charleston/Arastradero Corridor Project and the hard work that brought this vision to life. To those who spent time advocating, planning, supporting, and building – thank you!
